**Batting 56" x 56" - 80/20 Hobbs Heirloom**

(80% cotton 20% polyester).

**Spool of 100% cotton thread to match**

(for piecing and machine quilting). Varigated thread is very forgiving.

**3 packages of 30 Basting Pins (safety pins)**

Note: Do not use flannels or homespun fabrics on the quilt front.  
 Flannel is fine to be used on the back side of the quilt.

# Quantum Quilting

## One 8-hour Day

Thank you for signing up for Quantum Quilting. You will LOVE it!

Attached is the supply list: (Best if in 4 coordinating colors) See attached sheet.

Color A, star fabric total is  $2/3$  yd

Color B, center fabric total is  $1 \frac{1}{4}$  yd

Color C, 1<sup>st</sup> border fabric total is  $1/3$  yd

Color D, 2<sup>nd</sup> border (different than the center fabric) total is  $1 \frac{1}{4}$  yd

Color C, binding fabric (looks good if matches the 1<sup>st</sup> border) total  $2/3$  yd

The back fabric total is  $2 \frac{2}{3}$  yd

Follow the rest of the supply list for batting, thread, and safety pins.

**I do not like to pre-wash my fabric**, I would rather you didn't, but if you want to, go ahead and have it pre-washed, ironed and ready to cut.

**Please do not pre-cut your fabric squares!!!**

(We are doing this just like a regular secondary class, from start to finish).

My goal is to complete this quilt, including the binding before you leave Thursday. You may want to tote your own machine along to your motel room so that you can sew on your quilt in the evening if you desire.

Another thing that would be very helpful is *if you have access to a walking foot that fits a Bernina and a free-motion or darning foot to bring with you to the class*, as I have a limited number of them and also one that fits your machine for the motel. However the batting we are using makes it so you can do the straight quilting with your regular foot (it is just easier and smoother with the walking foot). The free motion must be done with a Darning foot or Free-motion foot.

**Please bring as much of the Equipment list as you can, it will speed things up, not having to wait in line.** Remember to change your rotary blade to a new one before coming.
